

The street.

East Bay Mobility · Website preview · Version 2

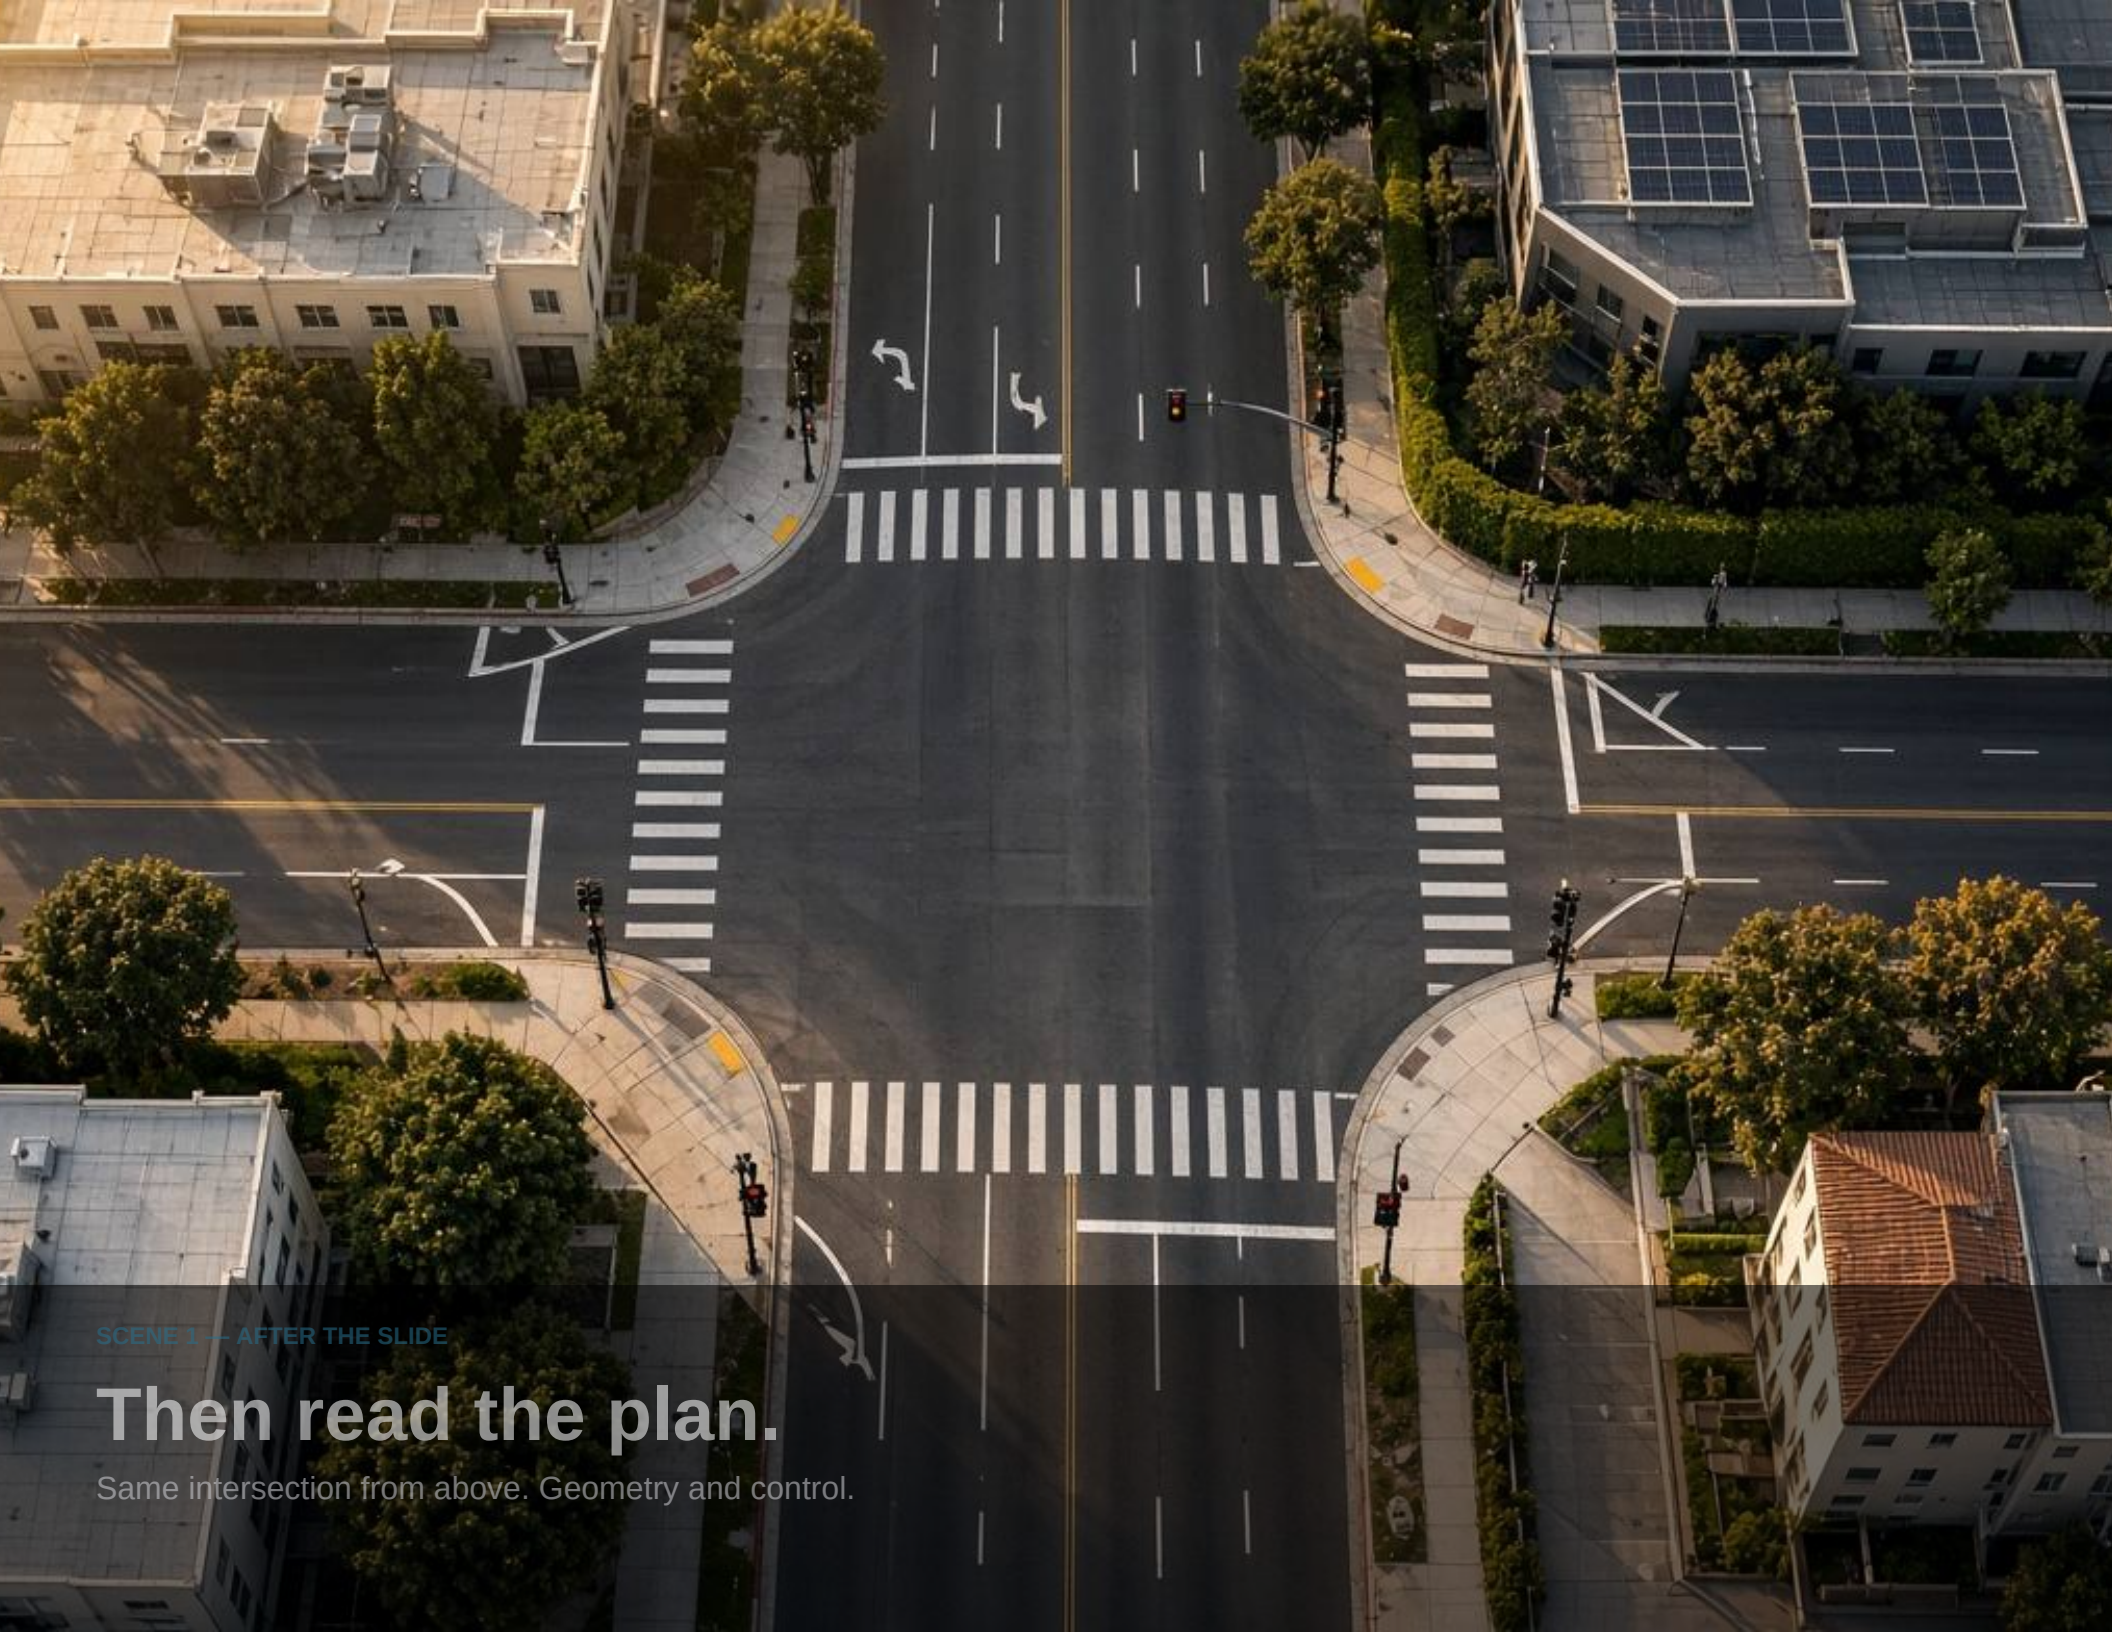

This PDF is a still preview. The live site is the .html file opened in Chrome or Edge.

SCENE 1 — SCROLL

Hold the frame.

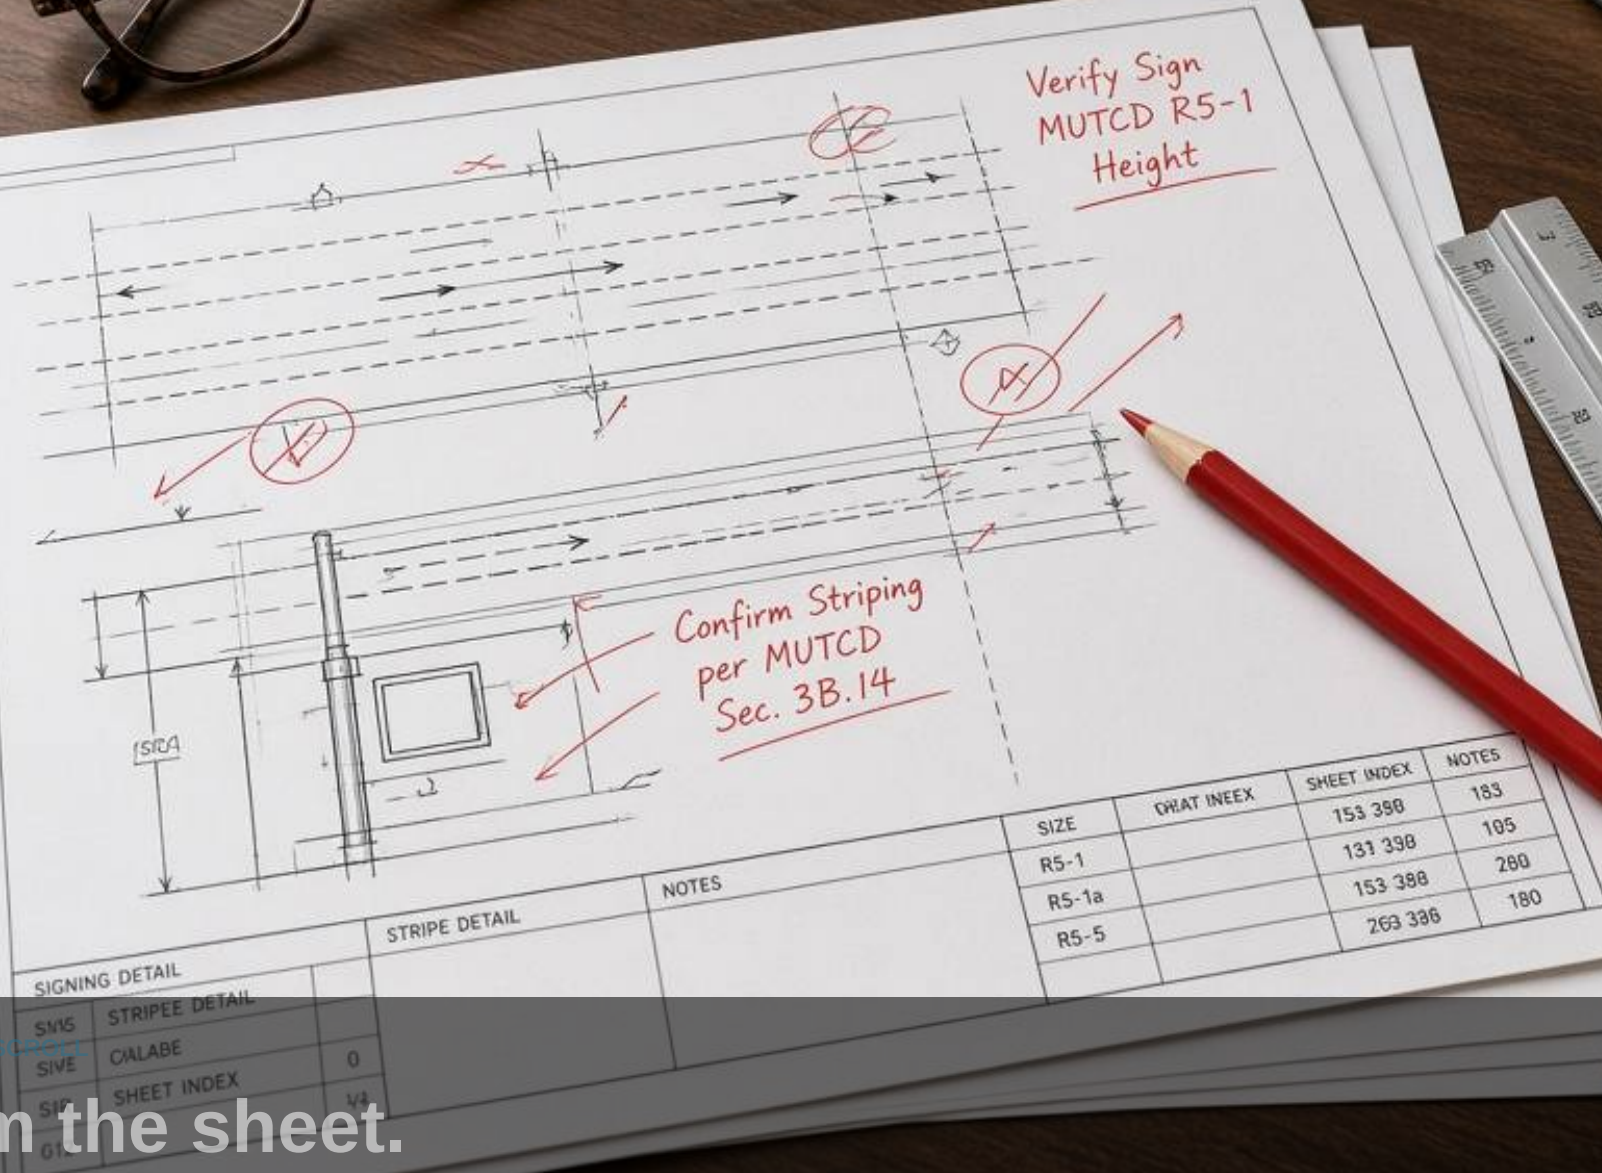

Dusk intersection. This photo stays pinned, then dissolves.

SCENE 1 — AFTER THE SLIDE

Then read the plan.

Same intersection from above. Geometry and control.

SCENE 2 — SIGNING

From the sheet.

Marked signing and striping. Municipal review.

SCENE 2 — AFTER THE SLIDE

To the field.

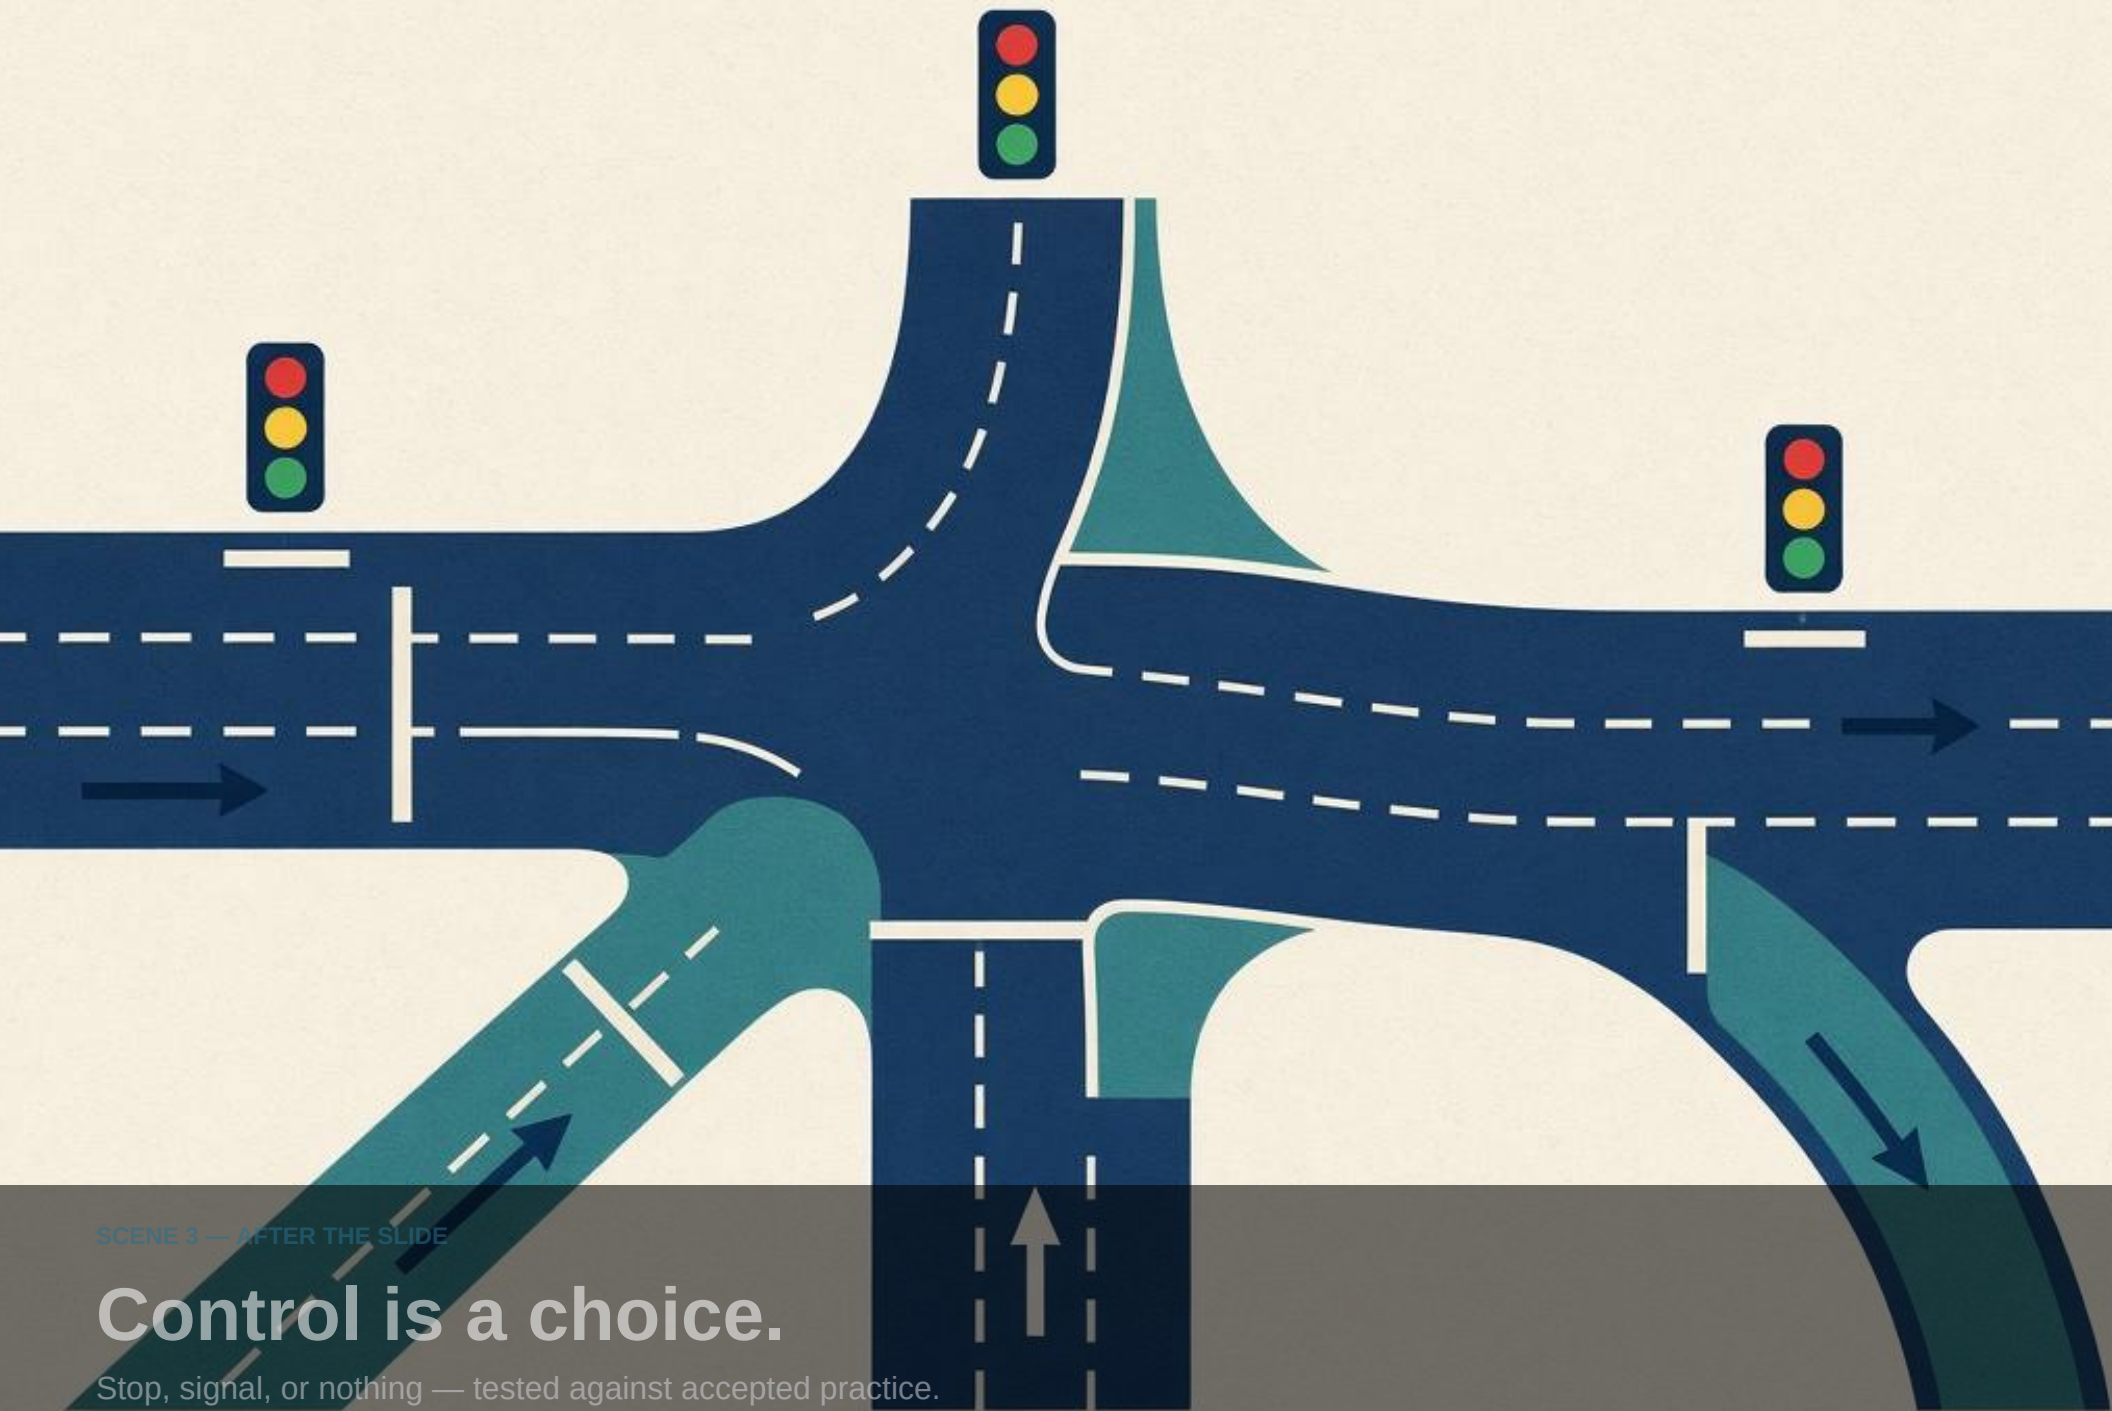

What the drawing promised, and what the signal did.

SCENE 3 — SCROLL

Sight is a fact.

The arterial the control assumes a driver can see.

SCENE 3 — AFTER THE SLIDE

Control is a choice.

Stop, signal, or nothing — tested against accepted practice.

LITIGATION

Counsel keeps the file.

The conference room is not the evidence.

LITIGATION — AFTER THE SLIDE

We take the street.

Signing. Markings. Signals. Sight. MUTCD.

How to see the real site

1. Download East-Bay-Mobility-Website.html
2. Do not preview it inside Drive or this chat — those show code.
3. Double-click the file, or right-click → Open with → Chrome or Edge.
4. Scroll slowly. Photos stay, then convert.

Contact, PE number, and phone are still unpublished on purpose.
